EDUARDO GALINDO MONTIEL

ABOUT ME

Originally from Mexico City, married for 36 years and father of four children.

I studied a Bachelor of Accounting, a Master of Education with a specialty in Family Counseling in Spain and a Certification as a STEM teacher.

Motivated to bring technology, through the creation of STEM programs to all children and young students, from preschool to University, supporting students, mainly, in understanding, in a pleasant and fun way, the studies of mathematics, physics and computer science. And at the same time, that they participate in national and international competitions, learn to be disciplined, orderly and, above all, to work as a team.

I am a founding member of the American Association of Robotics and Technology A.C.

Author and editor of more than 62 STEM books and programs, objectives of my companies and distributed nationally and internationally.

"People often say that they haven't found themselves yet. But the self is not something that one finds, but something that one creates." (Thomas Szasz).

EDUARDO GALINDO

CEO EGB4

We make that most children and young people in the world develop STEM skills (SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS) necessary to face an increasingly competitive future, turning them into creators, rather than consumers.

Texas, U.S.A.

EDUARDO GALINDO

PROFESSIONAL EXPERIENCE

In the Robotics Area

SEASON 2007-2008.

Regional championship VEX

Host Pan-American University (México).

SEASON 2008.

Regional Championship FRC

Host San José California

(Rookie All Star Award).

(Rookie Excellence Award - granted by equipment EU)

(Rookie Pit Design Award - granted by equipment NASA)

World-wide championship FRC

Atlanta.

Alliance finalist

SEASON 2008-2009.

Regional Championship FLL

Host Alamos School (Querétaro).

Regional Championship FLL

Host Simón Bolívar School (Mexico City).

Innovative Solution Award.

Regional Championship VEX

Host Lamar (Houston).

6th General place

Regional Championship FLL

Host Cedros School (México City).

Prize to work in equipment and values.

SEASON 2008-2009.

National Championship FLL.

Host Williams School (Mexico City).

Prize to work in equipment and values.

6th Place of performance of robot in

the table of tests. VEX.

Regional Championship VEX

Host Pan-American University (México).

5th. General place.

Prize conduction abilities

(Robot Skills Award).

Regional Championship VEX

Host Sparta School (Querétaro).

Alliance finalist.

Prize conduction abilities

(Robot Skills Award).

SEASON 2009

Regional Championship FRC

Host University of Oahu (Hawaii, USA).

Prize image of the equipment (Imagery Award)

Prize digital animation (Autodesk

Visualization Award).

2nd place prize Chairman's Award.

SEASON 2008-2009.

Friendly Tournament VEX

Host University of Querétaro

(Querétaro).

Winning alliance.

(Programming Skills Award).

E EDUARDO GALINDO

SEASON 2008-2009.
Championship of the Americas FRC
Host Nebraska
 (Engineer Award).
 FRC (First Robotics Competition).

World-wide Championship VEX
Convention Center in Dallas
 (Dallas, EU).

Direction and Fundation Smart Cubo Inc.
 Activity: Robótica Education
www.smartcubo.com

World-wide Championship VEX
Convention Center in Dallas
 (Dallas, EU).

Several teams participated under the guidance of Smart Cubo from Mexico. National and international competitions.

SEASON 2009-2010.
VEX Robotics All Star Challenge
Host Disney Wide World of Sports Complex
 (Florida, EU).
 International competition Smart Cubo of Mexico.

SEASON 2010-2011.
International Competition Smart Cubo México
Host Technological of Monterrey
 Querétaro Campus.

International Competition Smart Cubo Guatemala

SEASON 2010-2011.
April 2011. World-wide Championship VEX,
Host ESPN
Wide World of Sports Complex (Florida, EU).
 Participated to several originating equipment under consultant's office Smart Cubo of Mexico and South America.

September 2011. Competition International Smart Cubo Guatemala
Host Guatemala.

November 2011. Competition Nacional Smart Cubo México
Host University of the Valley of Mexico
 Guadalajara.

November 2011. VEX Robotics All Star Challenge
Sede Disney Wide World of Sports Complex
 (Florida, EU).
 Participated to several originating equipment under consultant's office Smart Cubo of Mexico and South America.

SEASON 2011-2012.
January 2012. Competition International Smart Cubo México
Host Technological of Monterrey
 Querétaro Campus.

April 2012. World-wide Championship VEX
Host Anaheim Convention Center
 (California, EU).
 Participated to several originating equipment under consultant's office Smart Cubo of Mexico and South America.
